Dear Nevesh,

This is a personal thank you from my family and myself for the exceptional catering services provided by you and your mother for the thanksgiving service of my daughter Keroshnee.

The food and the preparation were excellent, and you really made sure all went well. Your mother did a stunning job on the buck meat. I am so surprise to see a person of that age so dedicated in her work for other people.

Service providers whom aim to please the clients first and foremost makes life so much easier for the clients themselves. I must say for you and your family this comes naturally. It was a great pleasure to have dealings with someone of your caliber. Once more, thank you very much for the excellent service.

I would certainly be recommending anyone crossing my part to your exceptional services.

May God richly bless you in providing more for you and your family and for others.

Sincerely,

Timmy Moodley
